Premier League Primary Stars - Puppet show

Premier League Primary Stars - Puppet show

Here's a simple way to create a puppet show with a football theme. You'll need scissors, paper, pens and sticky tape.

To make simple stick puppets cut out and colour in these Premier League Primary Stars avatars.

Children can attach them to sticks (made from tightly rolled paper) using sticky tape.

The puppets will work best if they are glued onto card, but this is not essential.

Children then create a mini-play with a football (or another theme) and perform behind a sofa.
